## NEP 2020 Vision: Making India a Hub of World-Class Education

### FOREIGN UNIVERSITIES IN INDIA

**Dr. Rajesh Kumar**

India's higher education landscape is entering a transformative era with the establishment of Foreign Higher Education Institutions (FHEIs) on Indian soil— an ambitious reform envisaged under the National Education Policy (NEP) 2020. This landmark policy envisions positioning India as a Global Knowledge Hub of the 21st century,

fostering international collaboration, academic excellence, and cross-border innovation.

In line with the NEP's mandate, the Government of India has, approved 17 renowned foreign universities and institutions till October 2025, to set up campuses in Mumbai (Maharashtra), Gurugram (Haryana), GIFT City (Gujarat), Bengaluru (Karnataka),

Greater Noida (Uttar Pradesh), and Chennai (Tamil Nadu). This bold reform marks a paradigm shift— bringing world-class education, global best practices, and cutting-edge research opportunities directly to Indian students.

On October 9, 2025, Prime Minister Shri Narendra Modi, and his counterpart from the United Kingdom, Mr. Keir Starmer issued a joint statement welcoming the progress made in establishing nine leading UK university campuses in India. Both leaders reaffirmed education as a cornerstone of the India-UK partnership, reflecting shared aspirations to expand access, quality, and innovation in higher learning.

The University of Southampton (United Kingdom) holds the distinction of becoming the first foreign university to establish a campus in India, located in Gurugram, Haryana. This milestone is soon to be followed by Deakin University and the University of Wollongong (Australia), which have commenced setting up their campuses in GIFT City, Gujarat. These pioneering ventures mark the beginning of a new chapter in India's educational journey— one that realises the NEP's vision of transforming India into a dynamic, globally connected education and innovation hub.

Pursuing higher studies at foreign universities is an aspiration most Indian students often nurture. Each year, thousands pursue higher education abroad in search of global exposure, advanced research opportunities, and international career prospects. According to the Minister of State for Education, Dr. Sukanta Majumdar, approximately 7,59,064 Indian students were studying overseas in 2024. The most preferred destinations include the United States, United Kingdom, Canada, Germany, Russia, Australia, France, China, and Uzbekistan. However, changing geopolitical and economic scenarios continue to influence these preferences over time.

Despite the growing numbers, millions of aspiring students still face significant financial and logistical challenges that

## Cold Chain Industry: India's New Employment Engine

**Dr. Dali Agrahari**

In a significant move to strengthen India's agri-logistics and food processing backbone, the Union Cabinet in July 2025 approved an additional ₹1,920 crore for the Pradhan Mantri Kisan Sampada Yojana (PMKSY), raising the total outlay to ₹6,520 crore for the 15th Finance Commission cycle (up to March 2026). A key feature of this enhanced allocation is the provision of ₹1,000 crore to establish 50 Multi-Product Food Irradiation Units under the Integrated Cold Chain and Value Addition Infrastructure (ICCVAI) scheme. This expanded investment underscores the Government's commitment to modernising and scaling up the nation's cold chain infrastructure— an essential link between farmers and consumers that safeguards food quality, safety, and economic value.

Since the scheme's inception in 2008, a total of 395 cold chain projects have been approved, of which 291 are now operational, creating 25.52 Lakh Metric Tonnes (LMT) of preservation capacity and 114.66 LMT of processing capacity annually. Collectively, these projects have generated around 1.74 lakh direct and indirect jobs, demonstrating that the cold chain ecosystem serves not only as a food security enabler but also as a major catalyst for employment generation.

Beyond agriculture and food processing, cold chain infrastructure has become vital across multiple high-value sectors, including pharmaceuticals, biotechnology, dairy, meat, seafood, floriculture, horticulture, chemicals, and cosmetics. Temperature-controlled logistics ensure

the safe storage and transport of sensitive products such as vaccines, insulin, seafood, and fresh produce, preserving quality, hygiene, and market value. These systems not only maintain the stability of heat-sensitive compounds but also underpin India's growing export competitiveness by meeting international quality standards for perishable goods bound for markets in Europe, the Middle East, and East Asia. At the same time, efficient cold chains facilitate the secure import of

pharmaceuticals, speciality chemicals, and exotic foods requiring strict temperature regulation. As India's economy becomes increasingly integrated with global value chains, the demand for advanced, technology-driven cold chain systems is accelerating— fueling new opportunities for employment, innovation, and enterprise across rural and urban landscapes alike.

### Core Career Streams in the Cold Chain Ecosystem

**Technical & Engineering Careers:** Cold chain infrastructure depends heavily on engineering innovation and maintenance efficiency.

#### Typical Roles:

- Refrigeration Engineer or Technician
- HVAC (Heating, Ventilation, and Air Conditioning) Engineer
- Cold Storage Plant Operator
- Energy Efficiency Expert
- Equipment Design & Maintenance Specialist

#### What to Study:

**NEP 2020 Vision: Making India a Hub of World-Class Education**

prevent them from studying abroad. Recognising this, Prime Minister Shri Narendra Modi, in his Independence Day address, emphasised:

*"We want to build such an education system in India that youngsters need not go abroad to study. In fact, we would want foreign students to come here and study."*

The decision to allow foreign universities to establish campuses in India is therefore a transformative reform—a move that will fulfil the dreams of countless Indian students, offering them access to world-class education within their own country. This step not only aligns with the vision of the National Education Policy (NEP) 2020 but also marks a pivotal stride towards making India a global hub of learning and innovation in the decades ahead.

**Ministry of Education & Ministry of External Affairs, Govt. of India, 2025**

**The Policy Framework**

The establishment of foreign universities in India has long been a subject of discussion. However, it became a reality with the implementation of the National Education Policy (NEP) 2020, which envisions the internationalisation of higher education by allowing the world's top 500 foreign universities— based on subject-wise global rankings or exceptional expertise in a specific field— to set up campuses in India.

In his inaugural address at the *Akhil Bhartiya Shiksha Samagam* in New Delhi, Prime Minister Shri Narendra Modi remarked, *"The world is looking at India as a nursery of new possibilities... various global universities are also reaching out to us, expressing their interest in setting up campuses in India."* This statement underscores the government's commitment to positioning India as a global hub for education and research excellence.

To facilitate this initiative, the University Grants Commission has framed the UGC (Setting Up and Operation of Campuses of Foreign Higher Educational Institutions in India) Regulations, 2023. A dedicated online portal— UGC FHEI (Foreign Higher Educational Institutions)— has also been launched to streamline applications and operational processes for foreign universities seeking to establish campuses in India.

**Establishment of Campuses**

Foreign higher educational institutions interested in setting up campuses in India may apply online via the UGC portal (<https://www.ugc.gov.in/>) at any time during the year.

Applications are reviewed by a Standing Committee, which makes recommendations based on the prescribed criteria. Upon approval, the UGC issues an in-principle sanction along with a Letter of Intent (LoI) to the applicant institution within 45 days.

In accordance with the regulations, the approved foreign university is required to establish its campus in India within two years from the date of the LoI, although the UGC may grant an extension on a case-by-case basis.

**Academic Programmes**

Under the regulations, foreign universities are permitted to offer a wide range of academic programmes including certificate, diploma, undergraduate, postgraduate, doctoral, and postdoctoral courses. These programmes must be delivered in person and cannot be offered through online, Open and Distance Learning (ODL), study centres, or franchise arrangements. However, up to 10% of the total lectures in a programme may be conducted in online mode to enhance flexibility and global exposure.

**Faculty and Staff**

Foreign universities operating in India enjoy full autonomy in the recruitment and selection of faculty and staff in accordance with their own institutional norms. They may independently determine qualifications, salary structures, and terms of service. However, the qualifications prescribed for faculty appointments must be equivalent to those required at the university's main campus in the country of origin, ensuring parity in academic standards and teaching quality.

**Student Support and Assistance**

These institutions may offer full or partial scholarships and fee concessions to students enrolled at their Indian campuses. Each university is required to establish an effective grievance redressal mechanism to address students' concerns promptly and transparently. In the event of discontinuation or disruption of a programme, or closure of a campus, the concerned foreign university must make suitable alternative arrangements to safeguard the interests of students— such as reallocating them to equivalent courses or programmes.

**Award of Degrees**

Upon successful completion of a programme, degrees shall be awarded under the name and seal of the foreign higher educational institution from its country of origin. The qualification conferred at the Indian campus will hold the same recognition and status as that awarded at the parent institution's main campus. Furthermore, such qualifications shall be considered equivalent to degrees granted by Indian higher educational institutions, without the need for any additional equivalence certification from any authority.

**Student Mobility and Credit Transfer**

The regulations permit student mobility and credit transfer between the main campus of a foreign university and its Indian campus, as well as between Indian institutions and foreign universities. For example, an Indian student enrolled in a degree programme may complete one semester at the Indian campus of a foreign university and another at its main campus abroad, and vice versa. Similar exchanges are also permitted between Indian universities and foreign institutions, fostering greater academic flexibility and global exposure.

**Institutional Collaboration**

Foreign higher educational institutions may collaborate with existing Indian universities or companies in accordance with the provisions of the Foreign Exchange Management Act (FEMA) 1999 and the Foreign Contribution (Regulation) Act (FCRA) 2010. Such partnerships aim to promote knowledge exchange, research collaboration, and innovation in alignment with India's educational and economic development objectives.

**India as a Global Knowledge Hub**

The establishment of foreign university campuses in India marks a significant milestone in the nation's higher education landscape. This transformative reform is set to reshape the academic ecosystem by bringing world-class education within the reach of millions of aspiring and meritorious students who, until now, were unable to pursue studies abroad due to financial or logistical constraints. It provides an unprecedented opportunity for students to earn globally recognised degrees on Indian soil at a fraction of the cost, with substantial savings on travel, accommodation, and tuition expenses.

The presence of foreign universities will also catalyse the growth of high-quality research, publications, and academic infrastructure that meet global benchmarks. Access to international faculty, a broader spectrum of academic programmes and pedagogical approaches, and enhanced opportunities for collaboration and student mobility will enrich India's learning environment.

Collectively, these developments will strengthen India's position as a Global Knowledge Hub - a centre of academic excellence, innovation, and cross-cultural exchange that attracts scholars, researchers, and students from around the world.

**Application Procedure for the posts of Consultants and Project Scientist-III:-**

a. The entire application procedure is in physical mode. The duly Completed application in the prescribed format should be submitted/ sent by post in the prescribed format to the **Under Secretary (Establishment), Ministry of Earth Sciences, Prithvi Bhawan, Lodhi Road, New Delhi - 110003**

b. Copies of certificates in support of educational qualifications, date of birth, experience, no objection certificates (from present employer, if working), should be enclosed with the application. Production of the original certificates is a must while appearing for interview. Applications submitted without copies of the relevant certificates, signature and passport size photograph will be rejected in the screening process itself. The certificates should be clearly visible and readable.

c. Any discrepancies found in the certificates will attract the disqualification of applications. Non-production of the original certificates will also make the candidate disqualified. The disqualified candidates will not be allowed for interview. Candidates currently working in any other organization need to provide proof of their current employment with a service certificate from the employer / latest pay slip etc. Appointment orders / resumes will not be considered as proof of current employment. In addition the experience certificates should clearly show the date of joining and the date of resignation. In case the screening committee is unable to get the documentary evidence for the number of years of experience claimed by the candidate such periods of experience will be considered as NIL.

d. The candidates presently working in Central Govt./State Govt./ PSUs/ Autonomous Bodies/Universities etc. are required to provide No Objection/cadre clearance from their current employer at the time of interview. The current employer will also certify their Vigilance Clearance and Integrity.

e. Incomplete applications in any respect are liable to be rejected summarily. No representation against such rejection will be entertained.

f. Canvassing in any form will be a disqualification.

The advertisement is also available on the website of Ministry of Earth Sciences i.e. [www.moes.gov.in](http://www.moes.gov.in).

**Selection Procedure:**

The prescribed essential qualifications are minimum requirements and the mere possession of the same does not entitle candidates to be called for an interview. If the number of applications, received in response to the advertisement are large, it will not be convenient or possible to call all candidates for an interview. Hence, Ministry may restrict the number of candidates to be called for interview before the Selection Board to the reasonable limit through the screening process.

**The criteria for screening of the applications will be based on candidates qualifying credentials against the essential requirements specified below:**

a. Date of birth,

b. Completeness of the application in terms of providing accurate details and submission of the passport size photograph and copies of the marks list, academic and experience certificates, signature,

c. Essential experience,

d. Desirable qualification and experience as specified above.

e. Consistent academic performance at one or more levels etc. The candidate's experience certificates should clearly specify whether they possess the experience/knowledge/skills/technology/software platform requested in the essential/desirable experience requirements against the post. The benchmark for screening the applications will be set by a committee constituted to screen the applications. The final selection of the Screened-in candidates will be based on the candidate's performance before the Selection Board. No correspondence will be entertained with candidates who are not called for interview/selected for appointment.

- It is pertinent to mention that the mere fact that a candidate is fulfilling the minimum eligibility criteria as prescribed in the advertisement would not bestow on him/her the right to be shortlisted/called for written test/Interview or to be considered further for the selection process.
- Posting shall be at any of the Stations/ Projects/ JVs/ Subsidiaries of NTPC. All posts are transferable at the sole discretion of the Management.
- While applying for the post, the applicant should ensure that he/she fulfills the eligibility and other norms mentioned above, as on the specified dates and that the particulars furnished are correct in all respects. In case it is detected at any stage of recruitment that a candidate does not fulfill the eligibility norms and / or that he / she has furnished any incorrect / false information or has suppressed

any material fact(s), his/her candidature will stand automatically cancelled. If any of the above shortcomings are detected even after appointment his / her services are liable to be terminated without any notice. Canvassing in any form shall disqualify the candidate.

- Any proceedings in respect of any matter of claim or dispute arising out of this advertisement and / or an application in response thereto can be instituted only in Delhi and courts / tribunals / forums at Delhi only shall have sole and exclusive jurisdiction to try any such cause / dispute.
- In case of any ambiguity/dispute arises on account of interpretation in versions other than English, the English Version will prevail.

### HOW TO APPLY

- Interested candidates should log on to our website [careers.ntpc.co.in](http://careers.ntpc.co.in) or visit the careers section at [www.ntpc.co.in](http://www.ntpc.co.in) to apply. No other means/ mode of application shall be accepted. Candidates are required to possess a valid email ID. NTPC will not be responsible for bouncing back of any email sent to the candidates.
- Candidate belonging to General/EWS/OBC category is required to pay a non-refundable application fee of Rs. 500/-. The SC/ST/PwBD/XSM category & female candidates need not pay the application fee.

**Payment in offline mode:** State Bank of India has been authorized to collect the application fee, in a specially opened account (A/C No. **30987919993**) at CAG branch, New Delhi (Code: 09996), on behalf of NTPC. Candidate has to approach the nearby SBI branch with a printout of the "pay-in-slip" which is available on the application portal. The pay-in-slip printed from the portal should only be used for depositing the fee for proper crediting of amount in the allocated account. On receipt of the money, the bank will issue a unique Journal Number and a Branch Code of the bank collecting the money. This journal number and the branch code are to be filled up by the candidate during an online application. NTPC will not be responsible, in case a candidate deposits the fee in the wrong account.

**Payment in online mode:** Candidates also have the option to pay the fees online (through Net banking / Debit Card / Credit Card). The online payment option will be available in the online application form.

- Fees once paid will not be refunded under any circumstances. Candidates are therefore requested to verify their eligibility criteria before paying the application fee.
- After applying online, the candidate is required to download the application slip generated by the system with unique application number.** Copy of application slip may be retained by the candidate for future reference. No document is required to be sent to us by post.

Dated: 03.11.2025

**Inviting applications for appointment to the post of Member (Hydro) & Member (Planning) in the Central Electricity Authority on deputation/short term contract basis.**

The Ministry of Power requires the services of suitable candidates for filling up the vacancies of **Member (Hydro) & Member (Planning)** in Level-15 (Rs. 1,82,200 - 2,24,100) in pay matrix with ex-officio status of Additional Secretary to the Government of India, in the Central Electricity Authority, New Delhi, an attached office of the Ministry of Power.

2. The appointment to the post of Member in the Central Electricity Authority is made in accordance with the provisions contained in Section 70 of the Electricity Act, 2003 available at "<http://powermin.gov.in/en/content/Electricity-Act-2003>" read with the Central Electricity Authority (Terms and conditions of Service of Chairperson and other Members) Rules, 2024 which are available on the Ministry of Power Website "[https://powermin.gov.in/sites/default/files/uploads/Central\\_Electricity\\_Authority\\_Terms\\_and\\_Conditions\\_of\\_service\\_of\\_Chairperson\\_and\\_other\\_Members\\_Rules\\_2024.pdf](https://powermin.gov.in/sites/default/files/uploads/Central_Electricity_Authority_Terms_and_Conditions_of_service_of_Chairperson_and_other_Members_Rules_2024.pdf)".

3. The broad duties and responsibilities attached to the posts of Member (Hydro) & Member (Planning) is indicated in the vacancy circular which can be seen at <http://powermin.gov.in/en/content/vacancies>. The format, in which application is required to be submitted, can also be downloaded from the Ministry of Power Website: "<http://powermin.gov.in/en/content/vacancies>".

4. The eligibility conditions for the posts are as under:

(i) **Maximum age limit : 58 years** as on the date of vacancy i.e. 01.07.2026 & 01.08.2026 for the post of Member (Hydro) & Member (Planning) respectively.

(ii) **Qualifications:** Officers of the Central Government or State Government or Union Territories or Autonomous or Statutory Organization or Public Sector Undertaking or University or Recognized Research Institution;

(A) (i) holding analogous post on regular basis; or

(ii) holding post in Level-14 with five years of regular service in the grade; and

(B) **possessing three years' field experience in the relevant field as provided in sub section (5) of Section 70 of the Electricity Act, 2003.**

5. The appointment shall be made on deputation/short-term contract basis for a period of five years, subject to the condition that the services shall not be extended beyond the date of superannuation.

6. The crucial date for determination of eligibility (qualification) of applicants for the posts will be the date of vacancy i.e. 01.07.2026 & 01.08.2026 for the post of Member (Hydro) & Member (Planning) respectively.

7. The prospective candidates may send their applications through proper channel, for the post of **Member (Hydro) or Member (Planning) or both, within 45 days from the date of publication of this advertisement in the 'Employment News/Rozgar Samachar'**, in the prescribed format available on the Ministry of Power website "<http://powermin.gov.in/en/content/vacancies>" in quadruplicate. The prospective candidates may send separate applications if they wish to apply for both the posts. The applications duly verified and countersigned by the Employer along with attested photocopies of Annual Confidential Reports/APARs for the last 5 years, Vigilance Clearance Certificate and Integrity Certificate (duly signed by an officer not below the rank of Deputy Secretary to the Government of India) may be sent to the **Under Secretary (Admin.I), Room No. 26, Ministry of Power, Shram Shakti Bhawan, Rafi Marg, New Delhi-110001.**

### Nationwide Celebrations to Mark 150 Years of "Vande Mataram"

Prime Minister Shri Narendra Modi inaugurated the year-long celebrations commemorating the 150th anniversary of its national song, *Vande Mataram* on November 7. On the occasion, the Prime Minister said, "*Vande Mataram* is a mantra, an energy, a dream and a resolve. It is the devotion to Mother India, the worship of Mother India. It connects us to our history and gives our future new courage. There is no resolve

that cannot be achieved, no goal that we Indians cannot accomplish." The Prime Minister also released a commemorative postage stamp and coin to mark the beginning of the year-long celebrations. Written by Bankimchandra Chatterji on *Akshaya Navami* in 1875 and first published in *Bangadarshan* as part of his novel *Anandamath*, *Vande Mataram* remains an enduring symbol of India's strength, pride, and devotion to the Motherland.
